PROFESSIONAL SUMMARY

Computer Science undergraduate skilled in JavaScript, React, and SQL with hands-on experience in web development using HTML, CSS, Node.js, and Express.js. Built interactive web applications and familiar with RESTful APIs and databases like MongoDB and MySQL. Seeking Software Development Engineer roles to apply technical and problem-solving skills.

EDUCATION

Bachelor of Technology in Computer Science & Engineering Nov 2023 – Expected May 2027

SRMCEM, Lucknow – Abdul Kalam Technical University (AKTU)

Relevant Coursework: Operating Systems, DBMS, Software engineering, Computer Network

TECHNICAL SKILLS

Programming Languages	JavaScript, Python, SQL
Web Technologies	Node.js, Express.js, RESTful APIs, HTML, CSS, Backend Development
Databases	MongoDB, MySQL
Developer Tools	Git/GitHub, VS Code, Linux/Windows

PROJECTS

Social Media App | *React.js, Vite, Bootstrap, Context API* | [Live Demo](#) | [GitHub](#) Mar 2026 – Apr 2026

- Developed a responsive social media application for creating, managing, and deleting posts in real time.
- Implemented global state management using Context API and useReducer for efficient data handling.
- Added features such as post reactions, automatic hashtag formatting, and responsive UI using Bootstrap.

Rock Paper Scissors Game | *HTML, CSS, JavaScript* | [GitHub](#) Dec 2025 – Mar 2026

- Built an interactive Rock-Paper-Scissors game with computer-generated moves and real-time score tracking.
- Implemented game logic and dynamic DOM manipulation using JavaScript.
- Created a responsive user interface using HTML and CSS.

Tic-Tac-Toe Game | *HTML, CSS, JavaScript* | [GitHub](#) Sep 2025 – Oct 2025

- Built a responsive Tic-Tac-Toe web game where two players (X and O) can play on the same screen.
- Implemented core game logic with win detection, turn-based gameplay, and a reset feature to restart anytime.
- Designed an interactive and user-friendly interface using HTML, CSS, and JavaScript.

ACHIEVEMENTS & CERTIFICATIONS

- **Team Member, Smart India Hackathon (SIH) 2025:** Collaborated as part of a 6-member team, contributing to project development and coordination, and secured victory in the internal hackathon selection round.
- **AI/ML for Geodata Analysis – ISRO:** Completed a 7.5-hour online course conducted by Indian Institute of Remote Sensing (Department of Space, Government of India).
- **Achievements:** Won multiple technical events at college tech fests since first year.
- **Cybersecurity and Ethical Hacking Training:** Completed Cyber Security and Ethical Hacking training conducted by Sec Tech Creation (in collaboration with SRMCEM Lucknow). Learned shell scripting, important Linux commands, and basic cybersecurity terminologies.
